Dear Dillon and Paris, I am deeply saddened and want to tell you how much I loved your Mom and what an impact she had on my life. We met right out of high school, while working at the bank. We had an instant connection and became inseparable. I remember when she taught me how to drive a stick shift, she had so much patience. I moved to Arizona with her in 1985, she got me a job, which I still have today. I was with her when I met Dave, she was my Maid of Honor, and we were pregnant together – both times. We spent a lot of holidays and birthdays together when you guys were young. We had so many good times and I always knew I could count on her. Glenna was a very strong, loving person who loved her kids more than anything. I am going to miss her so much. I wish I could have been at the services, but please know you are in our thoughts and prayers. Our love goes out to you guys, Love, Patty, Dave, Brittany and Nicki

Stefan Eriksson lit a candle in honor of Glena.

Paris and Dillon,I was shocked when I heard the news about Glena. It will take some time to realize that she is actually gone.T here are so many things to say but it is difficult to put it in words to express all the feelings one has when something terrible like this happens.I met Glena for the first time some 30+ years ago. She was probably 14 or 15 years old then and a teenager full of ideas and energy. I lived with Bill and Meta and every other weekend your mom and Shaney came over and joined the Magee family. Together with Carolyn and Emily it was mad house to live in. T here was seldom a quiet moment but when looking back it was fun to be a big family. To me, Glena, Shaney, Carolyn and Emily are like sisters and I have seen all of them grow up and becoming adults.Your mom was a very pleasant person. I never heard a harsh word from her about other people. I also believe Glena saw it as her responsibility to teach a young foreigner like me US customs. This included bringing me to my first American football game, trying to set me up with her girlfriends, to order complicated ice cream names from Baskin Robbins, to advice me that yellow socks don't match red pants (or was it the other way around) and many other valuable tips on how to become a real American.It will not be an easy day tomorrow for you, but you will have your family and Glena's friends with you and you will get thru it.Unfortunately, I'll not be able to be at the funeral but Jonathan and I will come to the States this summer in June. Maybe, we will have time to meet then? Finally, I would like to say that your mom was proud of the two of you and it is my firm belief that she still is./Stefan
