I just learned tonight of Leia and Ricky Wrenn's passing and want to send my heartfelt condolences to their family. Leia--whose last name was Copp in those days--was a delightful coworker of mine at Nextel for about a year... when she suddenly became even more delightful. I soon discovered the reason for her improved mood: she had met a man named Ricky, and there was no mistaking she was in love with him. Everything I heard about Ricky Wrenn over the next year or so more Leia and I worked together made me admire him. Being in love with him was obviously just a really good thing for her, and when I would hear stories about gentlemanly or romantic things he'd done I believe they improved my days, too. I remember one story in particular in which Leia had to be hospitalized one weekend and Ricky, stalwartly by her bedside, was able to stop the nurses from shooting her up with a syringe full of something she was allergic to. (I am not quite sure whether I personally am allergic to penicillin or not, but one thing I know I am is impressed whenever I think of that telling account of what an on-the-ball boyfriend Leia had). As terrible a blow as it must be to the family to lose both of them at once, when I remember what I know, I wonder if it wasn't a mercy to each of them that neither had to lose the other.

Dear Family and friends, I wish to express my heartfelt sympathy for your loss. Though I don't know you, my heart is heavy with grief. Allow me to share words of wisdom and encouragement from God's (Jehovah) word the bible. He says there will be a time we can see our deceased love ones again. Acts 24:15- And I have hope toward God, which hope these men also look forward to, that there is going to be a resurrection of both the righteous and the unrighteous. He also tells us he is making all things new ... Revelations 21:5 I hope you can find some comfort in these bible passages. Again my sincere condolences for your loss.

To Leia and Ricky's family, I had the pleasure of knowing Leia for two years while I was employed at XO Communications. From the first day Leia and I met, we were instant friends! As were most people that met this wonderful and caring woman. I heard her on so many occasions brag about her wonderful family, and how much she loved each of you. Her desk at XO was filled with so many pictures of her children and grandchildren, and every time I had the pleasure of visiting her in Herndon from Atlanta, there were always new pictures she wanted to share with me. Leia was such a positive and loving friend, and while I never had the pleasure of meeting Ricky, I felt like I knew him from all the wonderful stories Leia would share about her true soulmate. I know Leia and Ricky are looking down on each of you, and will be your Guardian Angels as you move forward with your lives. Knowing Leia, she would not want everyone feeling sad, but happy in remembering the love and great time each person so lucky to have shared time with her. Everyone loved Leia and Ricky, and we were all so lucky to have been able to share time and laughter with them. God bless your family, and know they are in a better place and watching down protecting each of you. Brian Daniels Atlanta, GA

I don't know where to start. I'm writing this way to soon. I'm so sad and angry right now. I wish this day hadn't come so soon. When I close my eyes I see your beautiful smile. Even at your maddest and saddest moments you seem to still find a way to smile. You have been in my life even before I could remember. You cared for me as a child and looked to me for answers when I got older. It was a privilege to know you trusted my advise and would talk to me in times of need. I'm not ready for you to be gone. you promised me you would help decorate my home. We didn't get to do that. I love you Aunt Leia. I miss you and until I see you again. I know you will be looking down on us. Make sure you decorate your place in heaven.

I met Leia over two years ago at XO Communications. When she told me that Ricky was joining Iron Order, we screamed for joy in our office in Herndon. My husband has been with the club for over four years in Atlanta. From that day forward, Leia wasn't only my co-worker and friend but she became my sister. Leia introduced me to Ricky and we all became instant friends. We went to our national event in Indiana one year and had an amazing time with the club. She was always wearing her Iron Order Maiden bracelet. Every time I came to Herndon on business, Leia and I would have lunch at the Mediterranean cafe down the street. We always ordered the chicken salad. Leia was a highly respected employee at XO. Most of all she was my dear friend and sister. I treasure her words of encouragement and her unique beautiful laugh. I am still having a hard time believing that they are gone but find some comfort that they are together and watching over their families from above. My hope is for their kids to read these memories and see and feel the love that people have for their parents and find some solace in that outpouring.

Leia and Ricky has shown us that tomorrow is really not promise to us. So thank the Lord for this day, a day we have never seen before and one that we will never see again. I heard of this yesterday and just could not stop thinking about them. Such an unexpected and untimiely death. I had the pleasure of working with the both of them. Leia and I worked for Nextel and Ricky was one of the Building Engineers. Where Leia met Ricky and he swept her off her feet. We would walk to the cafe just so she could see him and he get her coffee and a kiss. So in all the sadness and grief I'm thankful that God took them together because their love for each other was so awesom that God knew that neither of them would want to wake up without the other. So sweet dreams you two and when you awaken for your enternal life everafter Heven get ready for some Cowboy Casserole and Angels riding Harley's! Thanks you God for allowing me to share a part of their life together! RIP
