Betty ,John and family: I would like to start off by giving your family my condolences. I was honored to be someone who was able to give him care. I remember the stories I would sit down and have and his expressions to me was priceless. Mr. Bob enjoyed when I would return from trips to see what new item I picked up for him as you know. I'm truly sorry for the past few months that your family has struggled with consistency with health and other issues that may arose. Please if your family may need any thing I'm here. Please ask. Again my deepest sympathy to your family for your loss.
