I have so many great memories, I don't know where to begin. We did everything together when I was growing up. You took me on my first trip to Daytona Beach and we shared our love for Harleys and horses. We got some local riding time in. Sorry we never made our ride to Sturgis or Mardi Gras, but now you can get there with your new wings. You always checked on my mom and took care of the grass for me when I couldn't get there. You have a great heart. Others may have looked down on you, but I always looked up to you. You can never judge a man by what is on the outside, you have to know what is on the inside. We will never forget you since you and Savion share a birthday and he remembers that every year. It will be hard not seeing your smiling face when we come to the mountain. Rest now and I know someday we will ride again.##imported-begin##Hook and family##imported-end##

To Becca and Family: I know what difficult times these are and it's never easy. I know what it is like to lose a father so young. May you find comfort in knowing that he is in no more pain and will forever be in a safe happy place looking over you. Who knows maybe your Daddy and my Daddy are up there fishin or something, passing time and waiting to be reunited with us one day. If you need anything you know where to find us.
