My heart goes out to the family. Kent and I worked together at Landmark from 1998 until 2002. He gave me great joy when I saw a big smile on his face, I told him my goal in life was to make him smile every day, and from that time on all I had to do was walk up to him and stare him in the face, and he would show those white teeth. I know he is now smiling down on all of us. I will miss him!!!!!!##imported-begin##Ramon Smeltz##imported-end##

Kent was a very kind and generous person. He was always willing to jump in and lend a talented mechanics hand in any aircraft, car, or motorcycle repair I had going on out at the airport. He had a keen sense of humor and was a great joke and story teller. The last time I saw Kent, I said that I often thought of his brother Roy who I also knew from flying way back when. I will miss them both terribly. My prayers are with his family in this time of sadness.##imported-begin##Ron Vecchioni##imported-end##

I fondly remember Kent from the days at Godfrey Field where the family then kept the Super Cruiser. We stayed in touch over the decades since then and I don't mind admitting moist eyes when I heard of his passing. He will be missed by so many of us in the aviation community, and I'm equally sure by scores of others as well.##imported-begin##Merton Meade##imported-end##
