Whenever I needed something done, or some information about the computer systems for the IAFIS program, I would ask Russ. He always had the answer. And his favorite word was "absolutely", delivered in his deep bass voice with a smile on his face. I often use that word - "absolutely" - and when I do, I think of him. My deepest sympathy to Diana and all of Russell's family. We will all miss him. Craig Daniels Former Engineering Manager SAIC / Leidos

Craig - Rus and I were in grade school together. Even graduated High School together. "Absolutely" was his favorite response since high school. He was a very "can do" guy and evidently that belief ran deep within him because he carried it from high school thru the time you knew him. Willard Smith Grapevine, Tx by way of Clermont, Fl

I used to live in the same neighborhood as Russ and actually met him during my time with Dulles Little League's Board of Directors. I remember Russ saying he wanted to get back into coaching so he could coach some of the kids in the neighborhood and I thought that was one of the nicest things I had seen someone do. The more I got to know Russ, the more I realized it was just his way. He was a kind, patient and funny man and he will be missed. To the Fuller family, I am so sorry for your loss. Your husband and father was a terrific person and he will be missed.

My heart breaks for Diana, Russell's family, and many friends and co-workers who will miss his presence in their lives. I knew Russell best during his and Diana's first few years together. It was no secret the love he had for Diana, and for his children and family. Russell was a man to be admired for his wonderful sense of humor and impeccable work ethic. He had an opinion on just about everything, and was never at a loss for words! It was an honor to know you! Russell there is no doubt this world will miss you dearly. Much love and prayers to Diana, children, and family.

I'm so sorry to hear about Russ' passing. My prayers and thoughts are with the Fuller family as they adjust to life on this earth without Russ. I had a professional relationship with him, but his dynamic personality shone thru on a daily basis. Russ was successful and respected at work and strived to do the right thing and not to waste taxpayers money by duplicating efforts. I believe he lived life with no regret. He spoke his piece of mind, did the right thing, and wanted to leave the world a better place. His legacy will linger but no one will ever fill the shoes of Russell Fuller! His family and friends will remember and miss Russ each and every day but may we all move forward and honor his memory with happiness and laughter. I have no doubt we will sense his presence as an angel looking over us. I now envision heaven as a happier place with more joyous laughter beaming-about in the sky! You will be missed! Godspeed Russell Fuller. Cheryl Gornak Program Manager, Leidos

To my brother Russell
To the playful child
To the inquisitive teenager
To the determined young man
To the successful man R. I. H
Why do I hear your laughter
As if you're in the room
I see your face so clearly
You left me way too soon
All of our childhood memories
We would reminisce over time
All of our family adventures
Will forever be one of a kind
Waiting to hear your silly jokes
As only you could tell
Watching your face expressions
Is really what made me yell
Pouring out all your advice
I listen to more and more
Some I really cherished
Some I never asked for
Missing your breakfast cuisine
Your blueberry pancakes indeed
Your bacon so sweet and crispy
For more we all would plead
We had our ups and downs
At times it really was tough
But we knew what really mattered
Was always remaining us
Watching you battle cancer
Over these last six months
Sometimes you really fooled me
I thought you gotten over the hump
But as I lay here this morning
I realize you "Struck THE TENT"
You left this ole earthly body
To our Heavenly Father
you went!
Loving you forever
Your sister Pamela

Russell was an awesome neighbor and friend. We were so lucky to be neighbors with and then become friends with Russ and Diana. When I think of Russ, I think of things like him snowplowing his sidewalk after the big snow storm, and then proceeding to snow-plow all his neighbors' walkways as well! Or, him coaching Little League for the neighborhood kids. And, just contributing in all sorts of other ways to make everyone's lives around him that much better. And, of course, some great laughs. When we came back from overseas, Diana - we were so looking forward to reconnecting with you and Russ and picking back up on our dinners together, maybe some concerts (Diana - remember you and Russ driving that lady home after the Lansdowne concert?), no doubt discussing the latest purchases from Costco, and generally just hanging out and enjoying your company. We will all miss Russ dearly.

I first met Russell at an SAIC job fair in Reston for IAFIS. After chatting with him, I realized I was speaking with a first-rate Sys Admin and I was grateful when he accepted the job offer. What a win for the FBI mission! He kept that system AJ Squared Away! Over time, as we worked together, I realized how lucky I was to work with someone so dedicated and talented not to mention someone with such humor and grace. My heart goes out to you, Diana. I wish you peace in the times ahead.

Dear Fuller Family, Condolences from the Sonnenfeld Family on the passing of Russ. I knew Russ for a little over a year. He worked as a system administrator for me. I liked Russ- he was a gentlemen and a professional who I respected to do the best job he could provide. We had a common interest in the US Space Program, and talked about what we remembered and what had read. He had a curious mind and was in awe of world around him. I will miss our conversations.
