Condolences to the family of Bettie. I met Bettie at Loudoun House 35 yrs ago. She was my first baby sitter and my girls love "Miss Bettie". You never had to worry about your kids because she was on the job even on her off days. If she saw the kids outside doing anything they weren't supposed to be doing or anyone bothering them she was right on it! We lost touch over the years but she was a person you never forgot. God Bless Bettie. May you soar with God's Angels!

My thoughts and prayers go out to the O'Bannion family. I know it's never easy to lose a family member. It's especially hard when we lose a parent. I hope Bettie is home now with God finally resting and at Peace. She truly was a wonderful woman and will be missed greatly. I met her when I was fresh out of prison and in a new town and knew no one. She gave me words of encouragement and I greatly thank her for that. I have made it pretty well and I hope She does see it. I now take care of my Dad and Betties's words and love stay with me. God grace you Bettie.

Aunt Bettie was truly an amazing lady. She could whip up a braid do of any kind, I'll never forget her with foil wrapped at the ends of her braid to curl. And you could bump into her at any party out on the dance floor getting down. The good ol'Loudoun house days, she': always tell me go out and play, but don't go in nobody house or down in that cut where the men was drinking and cutting up. She will live on through all of us. She knew the meaning of family. Thank you auntie for blessing us with your love.

Aunt Bettie was someone you knew that would always have your back and go out of her way to help anyway she could. If I needed my hair done in braids she was the go to. If i needed her help with anything all I had to do was ask. She loved all the kids and tried her best to make sure they all got something special from her. Aunt Bettie keyanira asked about you she says all the time I need to go to that ladies house Mimi I would say who she say you know Mimi she watched me with the boys she remembers. I hope you heard me singing to you I love you Auntie you can rest now. Love Always Tina

Aunt Bettie is the person I went to for my braids when I first started getting it cornrowed. She could do it any way I asked. If I wanted to the side in a ponytail or anything I could dream up. I appreciate the person she was. I know she would do anything for my cousins even if it was not seeable she would make it happen for them. As a kid we spent many summers together. The good times and great memories!!
