I just had the pleasure of hearing Mr. Boffi's voice on an archive I found researching my grandfather's Navy history. They served together on the USS Bernadou. What an absolute treasure for me to hear the voice of one of my grandfather's shipmates. Thank you for allowing that recording to be found.

I first heard of Frank when NAWCTSD celebrated his 90th birthday. I asked someone in the crowd who Frank was and the reply I got was "You don't know Frank?" Apparently everyone knew him but me. After cake, I introduced myself to him and I would like to think we eventually became friends. Frank was more than happy to share his WWII experiences with me and show me his latest scratch offs. I will miss him. My condolences to his family and friends. Rick Porter

I met Frank early in my career here at NAWCTSD. He appeared at my cubicle one day introduced himself and welcomed me to the command. He shared his past military experiences with me and I was honored that he took the time out to meet me. From that moment on he never forgot my name and when ever he would see me he always stopped to ask me how things were going and give me a hug. He is a true hero and friend. He along with his great smile and personality will be greatly missed. He's in a much better place and we are better for having known him. Miss you dearly my friend. Our condolences to the family and all those who knew and loved him near and far. Connie Standifer
