Sandy was wonderful to work with on the Rosenfelds' property. I learned a lot from him. I have never worked with a heavy equipment operator so tuned in to the plants of the forest and field, and there's no one I would rather have worked with on a new road through the woods. I'll miss Sandy, and I hope his hardworking and straightforward spirit lives on.

We at Battery Warehouse are devastated by the news, as Sandy was part of our family as a regular customer. His laugh & smile were infectious & he always took the time to visit with us no matter where we were around town and what he was doing. We will be blessed for having known him for the time we had. The Kingdom of Heaven is shining brighter upon his return.

Sandy built a pond for me a few years ago. His knowledge, patience, and genuineness were remarkable. We stayed in touch from time to time and I will always remember his gentle disposition and friendly nature. My condolences to his family.

I'm so sorry to hear about Sandy. I feel privileged to have worked with him and I'm glad I got the chance to know him, however briefly. He was very talented and incredibly knowledgeable. I have fun memories of him leading us on a search for wild orchids in the woods on the Rosenfelds' property. No matter what the topic of conversation, Sandy always had some surprising and insightful input. He will be wholeheartedly missed. My deepest sympathies go out to his family and close friends. Sandy was always so engaged in this life, I can only hope this is the beginning of another intriguing journey for him.
