I was only with TASC /Engility for a little over two years but Brian left an indelible impression on me. Never too busy to assist or offer professional guidance, he was the type of gentle, caring individual we all aspire to be. I treasure the time we had together and offer my prayers to Frannie and the family during this difficult time. Take comfort in the fact that Brian truly made a difference in both the workplace and his large circle of friends.

Dear Frannie and Family...Brian was an amazing man! He was my Boss, Mentor, and then we became dear friends. I trusted his guidance and recommendations. He mentored me to be where I am today and I am so bless to have known him and bless to know Frannie and be dear friends with her too. I admire both of them and treasure them. I miss Brian already and will always miss him, however he is here in spirit and I know he will continue to guide me. Frannie I am here for you and for anything you need. God has his arms around you as you grieve for your wonderful husband and His arms around the family as all of you are grieving too. Please remember Brian is with you Frannie and he always will be with you. Brian is also with all of his family and friends as he has such a deep care for all of us. God Bless and Love, Renée

So sorry for your loss Franny. May you find comfort in the memories you will hold close to your heart forever. I meet Brian at TASC in 2007 when I became the Program Control Analyst (PCA) supporting him on several programs. He taught me several things that has contributed to my success in my career. He was the best! Rest in peace Brain, you will be missed.
