Officer Quade was a mentor and friend to me when I was growing up in Arlington County, VA. He was the reason that I became a police officer. He was "made of the right stuff"! The world would be a much better place if there were more men like him.

I became a friend of John through my son David Arthur Snider. He came into my life when I needed his cheerful, outgoing countenance as I had just lost my wife to cancer. He phoned me often and sent many cheerful messages to me through Facebook. He and I were born in that era that produced people who sincerely loved our great country passionately, respected law and order, using our talents to serve in our local community. We will all miss John immensely but heaven will be brighter because of his return

John was my AAA Safety Patrol Coordinator when I was in the 5th Grade, but I had known him from being so active at the Westover Baptist Church. It's almost an understatement to say that I had known him all of my life, and then what a privilege it was to work for him at the Police Department. John had a huge impact on thousands of children in Arlington. When I joined the Arlington Police, I knew exactly what I wanted to do because it had been modeled to me so well by John Quade. John ("Lt") Quade was my first Lt. on the APD when I started in 1973. He was a total gentleman, extremely helpful and knowledgeable, and dedicated to both the public and his officers. He taught me so much, was always willing to answer questions, provide guidance and support. I had the highest respect and appreciation for John Quade, and can only imagine that in all of his endeavors after the APD, he continued to live with integrity and intelligence. I appreciate those years on the APD with John Quade as one of my leaders!Elizabeth (Shelton) Layman

I knew Lt Quade since I was a school patrol at Page school in 1961. Later, I became an Arlington Police Officer and had the pleasure of learning to be the police from him and working with him. Lt. Quade was always calm no matter the tenseness of the situation and always had something humorous to say or think about. John is one of those people that if you know him you liked him.
