Jim was a colleague of mine at Booz Allen for many years. I worked with Jim on several projects for U.S. Defense clients during the course of my association with Jim. What I remember most about Jim was his willingness to lend a helping hand to me and others, his kindness to everyone he worked with, and his dry wit at times! I enjoyed hearing his stories about his family outings to Lake Anna. My work memories of Jim are fond ones and he helped me become a better leader and a better person. I will miss him.-- Jim Bates

Jim was a true role model and mentor in my early days at Booz Allen in the early 2000s. I was young and new to the consulting field and his leadership and mentorship helped me develop professionally and become a strong leader like him. I loved his sense of humor and his warm, caring nature. May you find peace and comfort in your memories.

Growing up, I had 4-5 kids that I considered my best friends. Out of all of them, Jay was the one that you could always count on. He was the type of person that you really wanted to be around. He never passed judgement, and always had a kind word to say about all. He taught me so much, helped me get my first real job, and stuck up for me during tough times. He had too many positive attributes to list. I wish that I had done a better job, as a friend, keeping in touch with him. He was a true quality individual, and I will never forget him, ever. I love that man..Jim

Jim was a long time colleague and friend. I remember fondly our days at Booz Allen as we worked together to help build the business. Jim was a hard worker and dedicated professional. Jim wasn't all work though as I remember many times at the end of a long business day or while working late hours on a proposal that we would talk about our families. Jim loved his family and loved talking about them! I respected and admired Jim and still do. I will miss him.

It breaks my heart to learn that Jimmie has been ill for so long with Alzheimer's and the impact that has had on him, Denise, and their sons. Jimmie was one of my key leaders in my team at Booz Allen back in the day and made a huge difference to our staff, our team, and our clients in the defense information security/cyber space. the photo on the left is such a great example of who Jimmie was for all of us - kind, smiling, intelligent, warm, and a wicked good, dry sense of humor. sending love and prayers to the family in this challenging time and wishing you peace now that his and your suffering is over.
