So sorry to hear of Neal's passing. I was fortunate to have played little league baseball with him as well as high school basketball. One day after basketball practice (our sophomore year) Neal and I talked strategy, teamwork, etc. I can honestly say he really helped me become a better basketball player and a better teammate. I haven't seen Neal in many years but after reading the other memories on this website, it is obvious he touched many lives, and he will be missed.

I am so sorry and sadden and shocked to hear such bad news! Neil and I worked together and were roommates when we had meetings and always hung out as long as possible after the meetings to visit. Although he lived in Northern Va. and I lived in Central we always spoke on the phone. I always called him "big brother" because, he was a lot bigger than me and he called me "little brother". Neil was a person who you were always happy to be around. He always had a great smile that lit up a room and lifted everyone up. He was one of the good ones that left us too soon. I will miss him everyday but, I know that God needed an extra Angel and Neil would never disappoint. I miss you! I Look forward to see you one day Buddy.

Neil was a kind and caring classmate and friend through our high school years. He was also a very good pitcher in youth baseball, who whiffed me so often he ended my short lived aspirations for a career in baseball. My condolences to all of his family and friends.

I met Neal when I opened my first salon in Mclean, VA on May 31, 1985. Neal was the first Distributor representative that walked into my salon the following week and introduced himself. Although it took weeks for him to "sell" me something, Neal never gave up and was always building that relationship. Finally, I bought items just because he was so nice and friendly. As the years went by, Neal and I became friends as well as business associates. We became closer in the early 90s when I became an educator with L'Oreal Professionnel and he was a sales representative for the brand. Throughout the years, Neal became one of my best friends. We could talk and laugh for hours. The last few years, he visited me and my family a few times a year in Rehoboth Beach where we could sit on the beach, tell stories, laugh and be silly. Neal was one of the most compassionate people I knew and he never met a stranger. We could go out for a drink at a neighbor bar with the intention of having a drink or a simple meal. Within an hour, he knew everyone in the place. My son even looked forward to Neal's visits and their talks. When I told my son that Neal passed, with tears in his eyes he said, "I was looking forward to Neal visiting when this pandemic was over." The only challenge Neal and I had, in addition to politics, was over the TV and getting out of bed when he came to visit. He loved watching sports and stayed up late watching TV. I hated sports! I got up early. Neal will forever be in my heart. My mother passed last June. I can be assured that she and Neal are sitting in their easy chairs watching game after game on their TV in Heaven. Hugs to you Neal. Thank you for your friendship and listening to me when I needed a friend.

I am so heartbroken.... We've lost our Dearest friend. I just called Neal 3 wks ago, to tell him about the loss of our coworker, Sue Watson. He was deeply saddened by the news. We had a chance to talk for a while. Asked the common question, " how are you doing during CoviD ? " He shared how much he was looking forward to seeing his family for the holidays. We shared fun work stories about our time with Sue. He made me smile and laugh, as he always did. Words can't express how much Neal will be missed.I'd like to share with his Mom & Dad & Sisters...What a great job you did raising Neal. He is one of the kindest humans I have ever known. A very caring Soul. He carried himself as a Gentleman...like the type from the good old days. You don't see folks with his kind of manners and politeness so much any more. He is a true Gentleman ! He is loved & respected by his co workers and clients. He left everyone feeling better after just a conversation with him. What a beautiful gift to have. He has been such a Blessing to us ! We had a little core group...For sure, our work family...❤️ We truly love each other.. Neal, Rocky, Jennifer, Richie, Sue and myself. We had so much fun, just being together. Memories are ones true treasures. As Jennifer said, You will always be in our heart, NealSending Prayers & Strength to his Mom, Dad, sisters, Denise and family. My Thoughts & Prayers are with you. Rest in Peace my Dear Friend....❤️
