Jonathan Andrew White

NOV 9, 1963 - NOV 4, 2020

Jonathan Andrew White, age 56 died on Wednesday, November 4, 2020, at home in Ashburn, Virginia.

Born November 9, 1963 in Rochester, New York, he was the son of Leonard White and Caroline Knight White. A graduate of East Greenwich High School and Virginia Polytechnic Institute and State University in Herndon, VA, Jonathan served our country from 1981 to 1989. He did his basic training in Ft Knox, KY and drove tanks in Fulda, West Germany state-side for a few years before he re-enlisted, driving trucks at Ft Lewis, WA until his unit was deployed to South Korea.

Jonathan continued to drive trucks after his service but then took his interest in technology and parlayed it into a career in IT with some of the early State University of New York at Brockport and The College of New Rochelle. Most recently, he wanted to give back to the military he so admired by technological processes needed to get tele-medical care during this pandemic.

A man of few words but generous deeds, Jon is remembered for his willingness to help people with anything needed. From giving rides to veterans up computers or upgrade technology, Jon never looked for praise or reciprocation but showed his regard through actions.

Jonathan had an avid interest in military history and military war games with a large collection of books and games that he is donating to the local community.

Jonathan is survived by his parents, Leonard and Caroline White, siblings Brian White & Amy White-Steiner and his nephew Michael White.

Viewing hours will be on Friday, November 27 from 6:00pm to 8:00pm at Loudoun Funeral Chapel located at 158 Catocin Circle, SE Leesburg, Virginia.

Mass will be said on Saturday, November 28th at 10:00 AM at St. Theresa's Church, 21370 St. Theresa Lane, Ashburn, VA.

Interment will be in Quabbin Park Cemetery, Ware, MA at a later date.

I am both saddened and shocked to hear that Jon died. I worked with him at The College of New Rochelle from 2009 to 2014 in the eLearning and Instructional Technology department. We had many conversations about, life, comics, science fiction books and movies. He introduced me to many films including The Adventures of Buckaroo Banzai Across the 8th Dimension and Stargate. He was always there to help someone and had great stories to tell. My thoughts and condolences are with his family, friends and co workers.
