I'm very sadden for hear of Laura's passing. She brightened the world and I really valued her kindness. I'll never forget her presence in my life. We went to school together and sang together. We had similar dreams of singing. I'm happy she continued her passion throughout her illness. Junior year of highschool I did hair for the highschool musical and Laura asked me to do her hair each night and I did. I value those memories with her and more. I enjoyed reconnecting with her over the last two years, and I am very saddened by her passing. I will miss her laugh, spirit and beautiful singing voice. My thoughts are with her family and loved ones, and please know, how special Laura's presence was to me. She was a unique light in this world and I will carry her memory and kindness with me. ❤️

Dear John, Linda and Jackie, Our hearts are aching with you all at the loss of our dear Laura. I have learned much through our friendship over the last several years. Laura is a beautiful example of "perseverance" during her many challenges and keeping a sweet spirit. She deeply loved her family and friends and kept looking for ways to bless the people she loved until the day she left us. I will never forget her little "gifts" of song she gave to many. We were "blessed" to know her and to have learned from her. Love, Dan and Patti Lenko
