My deepest condolences to Shobhan's family. We worked together at the FAA for more than 15 years. His dedication to his work and his professionalism was a clear example he was a man of integrity. His smile was contagious. His love for his family was so clear when he spoke of his kids and how proud he was of them.

These pictures I took when we travelled to Seattle in July 2019 for a project implementation there. He will truly be missed!

I worked with Sobhan for 14 years at the FAA. He was always one of my favorites. Professional, smart, funny, happy, and always delivered. I could always count on him. We had a lot of fun too. He invited me to his house a few days before I retired a few years ago and we enjoyed a fabulous homemade meal. It was a nice sendoff. I will miss him and his ever present smile.

I worked with Sobhan for nearly 20 years, and every single time I saw him, he had a smile on his face, regardless of the challenge of the day. He truly loved his work and helped us make significant improvements to the quality of our financial data and our financial reporting. I was shocked and deeply saddened to hear of his death. It feels so surreal--even after having attended the beautiful service for him. I feel blessed at least that within just the last few weeks, I saw Sobhan and we had a nice conversation and took this photo. We always exchanged updates about our families; he was very proud of his, and it was clear that he loved them very much. I offer my most heartfelt condolences to his family and loved ones. Sobhan was a beautiful person and will be sorely missed. Allison Ritman

I am so saddened to hear about Sobhan's passing. I have had the pleasure to see Sobhan on the 5th floor quite often, for years (before COVID) and he would always have a bright smile on his face, which would put me in a good mood instantly. He was the kindest man, and his loss is devastating for everyone who knew him. I just want to wish his family, friends and colleagues' courage and peace during this difficult time of mourning.
