HELLO everyone! Still don't know the right words to express my Gratitude to the Great DR. Irosi After being diagnosed with the #herpes for the past 1 years, I was given so many health prescriptions and advice with no improvement, I totally lost hope, until I found many testimonies of Great DR. Irosi in an online research Like anybody would be, i advice anyone that is living with herpes can also contact him today, because he has the cure to any virus, disease or illness. Contact him on WhatsApp: <https://wa.me/+2349159062807> Email: drirosisolutioncenter@gmail.com

I was diagnosed with Idiopathic Pulmonary Fibrosis (IPF) four years ago. For over two years, I relied on prescription medications and therapies, but unfortunately, the symptoms continued to worsen. My breathing became more labored, and I experienced increasing fatigue and shortness of breath with even minimal activity. Last year, out of desperation and hope, I decided to try an herbal treatment program from NaturePath Herbal Clinic. Honestly, I was skeptical at first, but within a few months of starting the treatment, I began to notice real changes. My breathing became easier, the tightness in my chest eased, and I felt more energetic and capable in my daily life. Incredibly, I also regained much of my stamina and confidence. It's been a life-changing experience I feel more like myself again, better than I've felt in years. If you or a loved one is struggling with IPF, I truly recommend looking into their natural approach. You can visit their website at www.naturepathherbalclinic.com

Allen Archer shared a photo to the **Tribute Wall** album.

I wasn't very close to Kash. I spent two weeks learning how to fly paramotors with him in Florida during the lockdown in 2020. He is one of the kindest, most genuine and unique people I have ever met. He earned the nickname Momma Bear from our group because how generous and caring he was. I kept in touch with Kash since then, and every time I would meet him or talk to him, it was just like going back to those two weeks in 2020. He was the exact same kind, funny, and just awesome guy. Even though I didn't know Kash all that well, I think I knew everything I needed to know how great he was. I can tell that he made friends wherever he went. Kash was a great person. I know that he made my life better just by being in it for a very brief time.

I was also in that class with Kash, and Allen's comments are exactly spot on. Kash was my "wing buddy", so we helped each other throughout the training. A true gentleman, a really kind human and I'm grateful to have had my life brightened by having spent time with him. Blue skies, Momma Bear.
