Hari was the loudest, craziest, happiest, awesomest volleyball cheering partner ever. If I said louder he was like let's go! Always good for a smile, toast, dance, and the best host and bartender ever. I'm so sad we were robbed of the chance of more opportunities together but know that your beautiful ladies will be ours forever. No getting rid of us, volleyball or no. Love you, miss you.

Dear Tittu Uncle, Thank You for being an amazing friend to my Mom, my Dad, and my Uncle, making my Aunt's times in United States very memorable, being a rockstar Uncle figure to me and my sister, and making family outings really energetic. I remember how much fun we had together when I was a kid; you even got me the original DS Mario Party, which my sister and I enjoyed. Funny Moment: I remember that one time you had to quickly come into my car when it was raining and I reacted rather weirdly, Haha. I really wish that you would be able to see the great things I would be able to do as a young, developing adult. I will check in with Sarayu and Yuktha when they are talking to Sanika for sure. You have an amazing community for sure, whether it be in the form of work buddies, volleyball friends, family friends, or neighbors, and you can be assured that your family is in very good hands. Best, Sid--- Gautham Sidharth Meka

Today, we are paying great tributes to a truly remarkable soul whose life has been a beacon of discipline, responsibility, and unconditional love. Hari garu was more than just a person, he was an example of selflessness, always putting others before themselves, never seeking recognition, yet touching countless lives. His humanitarian spirit knew no bounds—helping without hesitation, caring without conditions, and inspiring without words. In a world that often forgets kindness, Hari garu reminded us what it truly means to live for others. His legacy of love, integrity, and compassion will forever remain in our hearts."Vara Kumar and HEAL Artificial Limb Center Team

I am deeply shocked and heartbroken by the sudden loss of my dear friend and classmate, Hari. It's hard to put into words the pain of losing someone who was not just a wonderful friend, but also a kind, humble, and inspiring soul. We spent some of the most memorable years of our lives together during engineering. Hari's presence brought warmth and positivity wherever he went, and his memory will always remain etched in our hearts. To Hari's family, please accept my deepest condolences. I cannot imagine the grief you must be feeling. May God give you the strength and courage to bear this profound loss. Hari will always be remembered with love and respect...
