“ I am very sorry to hear of Tony’s passing. We lost touch for many years but we were good friends during the 1970s and 1980s. We first met at work for the Navy Dept in 1971. We continued to socialize into the 80s. I remember him as a fun loving guy who was extremely bright.

“ Tony and I were best friends since 9th grade. We attended the same high school and college, belonged to the same fraternity and were “Best Man” at each others weddings (a couple of times). He was a great friend who loved life, a great electronics engineer and could play a song on his guitar using his ear (I was jealous ). We did drift apart over the past years but he will always be in my heart. He was my best friend.
