“ My deepest sympathy to the family and friends of Nancy E. Gibson. I had the distinct honor and privilege of working with Nancy during my 30 years with the U.S. Secret Service. Nancy always had my back and even covered my short comings when things didn't always go right for me during meetings. She was the consummate professional, dependable, reliable and the go to person when I truly needed something that I didn't ask for but really needed. Her infectious smile and sense of humor was what got me through a very successful career in the Secret Service. She had an innate sense of what needed to be done even when I was clueless. She was an invaluable assistant on a daily basis and believe it or not, she was one of the primary thorn in the side to my finally giving up smoking when I really didn't think I had the ability to quit! We had a great career together and shared a lot of laughs about things that we had encountered in the office. Gone but never forgotten! I am thankful to God for allowing our paths to cross, though briefly, and I am a better person today for I did, believe it or not, take some of the advice you gave me during my Secret Service career and surviving my Headquarters assignments! Rest in peace Nancy, and I will see you on the other side. Gone but never forgotten!

“ I had the pleasure of having Nancy as my Administrative Assistant for several years. She kept me on the straight and narrow and was a perfectionist. She was the best.

“ Having known Nancy at the US Secret Service, and later, for more than 40 years, she was undoubtedly one of the most dedicated administrative support personnel in the agency. It was easy to lose count how many Deputy Directors she "broke in" to the job as their right arm.

She will be remembered for her many years providing valuable guidance to other administrative employees.

Respectfully,
