“ Robert was a very interesting fellow. He was pleasant to all, professional at work, and absolutely LOVED cars of all kinds. He was always willing to share his photos from the latest car show he had attended. I enjoyed working with him, and bringing him library materials after he retired. Rest In Peace Robert!

“ I am saddened at the passing of my first cousin but even sadder is the fact that we haven't been in touch for at least 40+ years. His father and my mother were siblings and until his mother passed we were in pretty close contact with each other. My sympathy to Kathleen and all of those who loved and cared for Bobby through the years. RIP Bobby, we will see you on the other side.
